

2020 NATIONAL SPECIALTY CANCELLED AGAIN

The 2020 show committee and the SSCC board have discussed the 2020 national specialty and have decided not to go ahead with a specialty this year. We polled many of the members that are active in showing, there was concern about showing indoors and a lack of interested in showing with the continuing threat of a second wave of COVID 19. One of the purposes of the national is to bring together members even if they are not showing, for the BBQ , the auction and the annual general meeting. In the present times this was all going to be difficult and a little worrisome. We are still going to booster one show with the Burlington Kennel Club which at this point in time it is still scheduled to go ahead.

Next year's specialty was supposed to be out east but after discussions we have decided to push it back . The plan now is to go back to K-W Kennel Club for 2021 then go out east for 2022. So sorry to have missed everyone this year and so sorry I have to store that box of prized for another year.

Show Co-Chair—Michelle Ross
